

### NEWS AND ANNOUNCEMENTS

We are excited that we have a business who has some funds and would like to help the Chamber of Commerce get the 3 signs on the highways recovered. We need some volunteers to help us take the signs off of the posts so that we can take them to the company in Idaho Falls to recover them for us. Please come to our next meeting on **Thursday, August 15th at noon @ The Main Office**, if you are interested/able to help us with this need. We will plan a time and place to meet to do this. If you aren't able to attend the meeting and would like to help, please reach out to Rachel Hatton. We are excited to get our signs recovered and looking new again for all who come to visit our beautiful community.

### 2024 MESA FALLS MARATHON SETS RECORDS

The 2024 Mesa Falls Marathon went off without a hitch and set registration records with over 700 runners: 194 full, 256 half, 64 relay, 234 in 5k, 10k and 1 mile. Runners can download their photos and registration for 2025 is now open on their website.

by qualified Environmental Professionals who meet the requirement of the EPA's All Appropriate Inquiries (AAI) and the ASTM E1527-21 Standard.

The Mission at TNE is to provide a cost-effective due-diligence services for a wide-ranging variety of clients. TNE is committed to providing these services in a timely manner. With a focus on Lenders, Developers, and others that acquire real property, TNE understands that real estate deals can be complicated and move fast. TNE staff are eager to tailor our services for each project. Experienced professionals at TNE are always easily accessible via phone to discuss project details or high-priority evolutions that may occur during a real estate transaction. TNE believes in having meaningful discussions about environmental issues and risk evaluations associated with a subject property so the Client can make informed decisions.

True North Environmental, LLC, is managed by a licensed Professional Geologist with over 22 years of experience performing hundreds of Phase I Environmental Site Assessments, contaminated site investigations, remediation projects, geotechnical investigations, and groundwater studies. Our service area includes Idaho, Montana, Wyoming and Oregon, with focus on Treasure Valley, Magic Valley, Pocatello, Idaho Falls, and Rexburg areas.

TNE is committed to be the favored provider for real estate due diligence across Idaho.
