THE VOICE OF THE RIVER  
SINCE 1984

HENRY'S FORK  
FOUNDATION

Science-based collaboration for healthy fisheries and watersheds across the Upper Snake.

4063 Winchester Rd,  
Island Park  
(208) 604-2154

When you're building a driveway, clearing a lot, or prepping for that dream cabin or home foundation, you want someone who knows the rhythm of this valley and works with respect for the land. That's exactly what you'll find with Island Park Excavating. Run right here on the edge of the mountains, they're locals who understand the seasons, the terrain and the kinds of projects that make Island Park and Ashton feel like home.

Whether it's septic installation, utility trenching, gravel delivery or foundation prep — you'll find the same reliable crew showing up ready to get the job done and leave your property as tidy as they found it. For them it's not just about moving dirt — it's about helping families, neighbors and businesses in our neck of the woods turn plans into reality.

David and Christi Spinner live and work in the community they serve, and that shows in every project they tackle. They're part of our events, our stories, our winters and summers — and that's why when you hire Island Park Excavating, you're hiring someone who has skin in the game, and cares about this place just like you do.
